

# BSidesCharm 2025 – Year #9!

Thank you for your interest in sponsoring BSidesCharm 2025! The first eight Baltimore events have been impactful on our community in such a positive way, and we are so happy so happy to see continuous interest by both new and repeat organizations.

950 badges were handed out to attendees, staff, speakers, trainers, and sponsors over the April 2024 two-day event with 880 individual tickets sold. We are incredibly grateful for our new and continuing sponsorships and humbled that our ticketholders continue to retain their investment in BSidesCharm year after year.

Each year gets better and better. We learn, adjust, and improve each year, and we can't wait for you to see what 2025 brings. We will continue to cap our ticket sales at the highest possible number allowing us to meet venue capacity alongside our staff, volunteers, speakers, and sponsors.

The 2025 conference will be held on **April 12-13, 2025** at the Sheraton Baltimore North in Towson, MD. The program will resemble our past events – at least two talk tracks, training sessions, and hands-on workshops, including CTFs and a brand-new village! The Hiring Village was another prime highlight for the 2024 event and will return at full capacity in 2025.

This document contains our 2025 sponsorship information. We have put together multiple sponsorship levels, each with benefits like previous years. Of course, the most significant benefit is giving back to the community and enabling others to grow and learn; we graciously ask that you, our sponsors, continue to support our event.

Thank you for your consideration to support BSidesCharm 2025!

# Security BSides Background

Security BSides is a framework of events that enables individuals to expand the spectrum of conversation beyond the confines of traditional media. Frameworks such as BSides allow individuals to drive the event, shape the media, and, most importantly, encourage participation. BSides are low-cost, community-organized events put on by local individuals with the expressed goal of enabling a platform for information dissemination. BSides is an 'unconference' that follows an 'open spaces' format. This format varies from structured presentations to smaller break-out groups, but both provide a direct connection between the speakers and the audience.

## BSides Goals

Major conferences focus on the current hot topics in information security. BSides events explore those topics and even more through involvement from attendees. Rather than rushing speakers away after their talks, at BSides events, the conversations continue, and new ideas are born. Sponsoring allows you to become part of that conversation! Notable takeaways include:

- Thousands of people have attended and written about their experiences
- Always community-organized, volunteer-driven, and corporately funded
- Focus is on expanding the spectrum of conversation
- Provides a voice to the next big thing

## Target Audience

BSidesCharm welcomes anyone who has an interest in the security community. BSidesCharm is an event for all levels of experience and backgrounds – from industry professionals looking to offset or augment their current security skillset to students looking for potential career opportunities in the security community to industry leaders looking to share their vast experiences. One thing they all have in common is a desire to connect with others in the community and discuss emerging issues. These are connections and experiences they can call upon throughout their career.

## BSides Ethos

### **Frameworks**

We aim to provide people with options by removing common conference barriers and providing more options for speakers, topics, and events.

### **Participation**

BSidesCharm is not made up of members but rather participants. Each person participating in BSidesCharm brings something that benefits our local cybersecurity community. Some bring hardware, some bring organizational skills, and some bring their friends. Sponsoring enables you to engage with attendees and participate in valuable conversations. The organizers hope your participation will allow another great BSides event.

### **Media Coverage**

Since the first event, BSidesCharm has received mass media attention and has been discussed in various online outlets, podcasts, forums, and blogs. Most individual BSides events have dedicated X feeds active not only during the event but throughout the year or talked about in many different online outlets, podcasts, forums, and blogs. Most individual BSides events have dedicated X feeds, active not only during the event but throughout the year.

# Support and Sponsorship

## The Value of Sponsorship

The goal of BSidesCharm is to offer small, intimate events where all participants can engage each other to help develop connections and friendships while networking with different industry professionals.

We recognize the value of engaging a smaller audience and being the big fish in a small pond. Every organization will have different goals and priorities, so we offer different levels of participation for every individual, group, or organization. We designed several options for any sized organization to participate in and support this event.

## Reasons to Show Your Support

We recognize your desire to support a great event and see a return on investment—the following list of direct benefits you may see as an event sponsor.

- Brand recognition and awareness: Depending on the sponsorship level, you may recognize your brand placement on some or all of the following: t-shirts, signs/posters, event websites, lanyards, or lunch sessions. Based on your level of participation, BSidesCharm may provide creative and custom branding, including transportation, banners, and podcast interviews.
- Big fish, small pond: For some, sponsoring a large event is not within their price range, leaving them with no option for communicating their message. BSidesCharm is different! This small community atmosphere brings together active and engaged participants who want to absorb information. Sponsoring a BSidesCharm event enables you to be that big fish in a small pond and better communicate your message to an active audience.
- Stay in touch with the industry: BSidesCharm enables its supporters and participants to identify and connect with industry leaders and voices. These participants represent the social networking of security. They are the people you want to engage in soliciting feedback and bringing voice to your conversation.
- Stay abreast of the next big thing: Nobody knows what the “next big thing” will be, but these events are community-driven, with presentations voted upon by the industry. There is no magic to how it works, but we believe that listening to the underground can help prepare you and help identify what the next big thing might be.

We see the benefit in support not in the cold call connection but in the live interactive engagement of individuals. Here are the sponsorship packages that enable you to show your support and brand that support.

For those sponsoring at the upper levels, you will have an opportunity for table space in the Sponsor Village and/or the Hiring Village. Sponsorship at the Platinum level will enable you to staff tables in both Sponsor Village and Hiring Village. Gold sponsors will have a table in Sponsor Village, with an option to purchase a Hiring Village table for an additional \$500. Silver sponsors do not get a Sponsor Village table; however, they may purchase a Hiring Village table for an additional \$500.

### Hiring Village vs Sponsor Village

The Sponsor Village is in a prime location that allows interaction with all the attendees. Hours for the Sponsor Village are simply the hours of the event. ***The Hiring Village will run on Saturday only.*** Sponsors can meet directly with attendees interested in job hunting, career advice, or just learning what career opportunities are available.

Regardless of the table location, we aim to provide ample foot traffic around each table. We ask that sponsors consider having giveaway items and holding prize drawings at their tables as a way of encouraging attendees to volunteer their contact information. We will gladly announce prize winners at closing or between talk sessions. The Sponsor Committee will provide more details regarding both Villages.
